*The English classes will take place in level-based international groups and will focus on different linguistic and communicative skills: Grammar and Vocabulary, Reading and Writing, Speaking and Listening, Creative Communication, and British Culture. In a week with no trips on the school days, the students will have 15 hours of in-class tuition. The students are also expected to complete homework assignments in the independent study time slots in their schedule, and attend campus events that will help them improve their communication skills in English.

**Please note that this is a tentative schedule and changes in the class timetable and trip destinations can occur.
